      Subject: An application for paid Internship as Python-Developer.

 Dear Sir,

      As per the vacancy announced by your company on your Facebook page, I would like to apply for Paid Internship of Python-Developer. I am a young boy with sound knowledge on Python and Django web development. I have been working on basic web development project to make myself perfect in this field. If I got chance to work at your company, I will prove what I could do in this field.
 Looking forward for your positive response.

Faithfully
Roshan Subedi
